

2852 Bus services through Wheatley in 2024

The 46 bus service, originally ran from Asda to Horspath. It was extended in June 2022 with financial support from Le Manoir aux Quatre Saisons in order to facilitate staff getting to the restaurant. In January 2023, it was further extended to Oxford City centre, the service running hourly in both directions.

It is understood that there was a previous service (?bus route 203) on a similar route, albeit this is not shown on a County Council review of Oxfordshire bus services in 2005.

280 service

Originally run by Arriva at 20-minute intervals, this was taken over by the Oxford Bus Company in July 2024, now at 30-minute intervals.

400 service

This was originally started to service the Oxford Brookes Wheatley Campus. With the closure of this campus in 2024, the service now runs from Thame to Harcourt Hill, but not on Saturdays. Half of the buses come through Wheatley, which now has a 30-minute frequency.
